"Holidays are the perfect time for fun and learning- where every adventure brings joy and every moment is a chance to grow in the most playful way."

**Summer
Vacation**

Name: _____ Class & Sec: BV III _____

Dear Parent

With the warmth of summer upon us and sunshine lighting up our days, it's the perfect time for our little Dipsites to explore, imagine, and create unforgettable memories. From playful splashes in kiddie pools to giggles while chasing bubbles, every moment holds a new opportunity for learning and joy.

This summer break, we invite you to turn everyday moments into magical adventures be it a picnic in the backyard, a stroll through the park, or quiet time with a story book. These simple, heartfelt experiences help nurture curiosity, creativity, and connection. Let's fill this season with love, laughter, and wonder—creating memories that will stay in the hearts of our little ones forever. It's also the perfect time to nurture their growth, spark curiosity, and develop new skills through joyful learning experiences.

Here are several enjoyable and impactful activities to help young minds develop mindfulness skills.

Building Independence with Self-Help Skills

Encouraging your child to learn basic self-help skills is an important step in building their confidence and independence. These everyday tasks help children take care of themselves and feel more capable.

You can gently guide them to practice:

- ❖ **Personal Hygiene:** Brushing teeth, bathing, washing hands, and combing hair.
- ❖ **Getting Dressed:** Choosing clothes and dressing up on their own.
- ❖ **Eating on Their Own:** Using spoons and forks properly and finishing meals independently.
- ❖ **Toileting Habits:** Using the bathroom with minimal help and following proper hygiene.
- ❖ **Have the child create a simple schedule** with tasks like study time, play time, and chores.

SUMMER

Strengthening Interpersonal Skills

❖ Father's Day Talent Show

Dear Mommy, just like we and our little Dipsite made you feel so special on Mother's Day at DPS, Greater Faridabad, it's time to make loving Dad feel special now.

Help the child sing a song, perform a dance, or recite a poem in front of dad, making him the guest of honor! Please capture these special moments in a 10-15 seconds video and share it with the class teacher by Monday, June 16, 2025

Books & Bliss: Holiday Reading Time!

- **Set a Routine:** Establish a consistent time for reading each day, such as bedtime or after school.
- **Create a Reading-Friendly Environment:** A cozy corner with good lighting and a variety of age-appropriate books can make reading appealing.
- **Encourage Interaction:** Ask questions, discuss the story, and let the child predict what happens next.
- **Follow the Child's Interests:** Choose books that reflect the child's interests to keep them engaged.

- ❖ Family Reading Time: Kindly click one candid picture of your ward while reading and share it with the class teacher by Wednesday, June 25, 2025.

Activity 1: CVC Word Basket

A CVC (Consonant-Vowel-Consonant) word basket is a fun and engaging way to help young learners develop reading skills. By focusing on simple three-letter words like "cat", "mat" and "tap," these activities reinforce phonemic awareness and decoding abilities.

Material Required:

2. Clay/dough/waste paper to fill the basket
3. Paper cutout of fruits or vegetables
4. Sketch pens
5. Fevicol

Holidays are a time to relax, have fun, and enjoy special moments with your child. When used for creative and meaningful activities, this time can become a wonderful learning experience that your child will remember for years to come. It's also a great chance to build a stronger bond with your little one and make this holiday season truly special. Here are a few simple and fun tips to help you spend quality time with your child and support their overall growth. We're sure you'll enjoy them to the fullest!

Start the Day Together

Mornings are a wonderful time to bond as a family. Dedicate a few calm moments each morning to connect with your child—just 10 to 15 minutes can make a big difference.

Whether it's making the bed together, preparing a simple breakfast, or chatting while organizing toys, these small shared tasks create a sense of teamwork, joy, and routine that sets a positive tone for the day ahead.

Connect Through Nature

Spending time outdoors with your child is a wonderful way to strengthen your bond and create lasting memories. Try planting a sapling together and make it a daily routine to water and care for it. These small activities not only bring you closer but also help your child learn to care for the environment. Sharing moments in nature teaches responsibility, patience, and love for the world around them.

Screen Break, Memory Make!

Instead of handing over a phone or tablet when your child feels bored, take the opportunity to sit down and play a board game together. Games like Scrabble, Ludo, Pictionary, or Monopoly are not only fun but also help build important skills like logical thinking, problem solving, and decision-making. Most importantly, these games encourage family bonding and can turn into a cherished family tradition over time.
